

SECTION 1. Identification	of the substance/mixture and of the company/undertaking				
1.1 Product Identifier					
Product Form:	Mixture				
Product Name:	TMT-TC-2 Tip Tinner				
Product Code:	TMT-TC-2				
Type of Product:	Tip Tinner				
	stance or mixture and uses advised against				
Relevant idenfified uses:	Soldering.				
Uses advised against:	No data available				
1.3 Details of the supplier of the safety					
Supplier:	Thermaltronics USA, Inc.				
	1 Barstow Road, STE P19				
	Great Neck, NY, 11021				
	United States				
	Email: support@thermaltronics.com				
	Telephone: 1-516-829-2726				
	Fax: 1-516-829-2891				
1.4 Emergency Telephone Number:	1-516-829-2726				
	SECTION 2. Hazards Identification				
2.1 Classification of the substance or r	nixture				
See Section 15 for HMIS/NFPA Rating					
Classification according to Regulation	(EC) No 1272/2008 [CLP]				
H319: Serious eye damage/eye irritation					
H335: Specific target organ toxicity, single exposure; Respiratory tract irritation, Category 3					
	entioned in this Section, see Section 16.				
Adverse physicochemical, human heal					
No additional informational available.					
2.2 Label Elements					
Labelling according to Regulation (EC	No. 1272/2008 [CL P]				
Hazard Pictograms:					
Hazaru Pictogranis.					
	$\mathbf{V}$				
Signal Word:	Warning				
Hazard Statements:					
nazalu Statements:	H319 Causes serious eye irritation.				
Dressutionen Statements	H335 May cause respiratory irritation.				
Precautionary Statements:	D400 Kaan aut of march of children				
	P102 Keep out of reach of children.				
	P261 Avoid breathing dust/fume/gas/mist/vapours/spray.				
	P264 Wash hands thoroughly after handling.				

	•	ctive glove	es/protective clothing/eye protection/face			
	protection. P304 + P340 + P312 If inhaled: Remove victim to fresh air and keep at rest					
	in a position comfortable for breathing. Call a POISON CENTER or					
	doctor/ physician if you feel unwell.					
		P305 + P351 + P338 If in eyes: Rinse cautiously with water for several				
	minutes. Remove rinsing.	minutes. Remove contact lenses, if present and easy to do. Continue rinsing.				
	<ul> <li>P337 + P313 If eye irritation persists: Get medical advice/ attention.</li> <li>P403 + P233 Store in a well-ventilated place. Keep container tightly closed.</li> <li>P405 Store locked up.</li> </ul>					
	P501 Dispose of	P501 Dispose of contents/container in accordance with local regulations.				
2.3 Other Hazards	None		-

### **SECTION 6. Accidental Release Measures**

### 6.1 Personal precautions, protective equipment and emergency procedures

### 6.1.1 For non-emergency personnel / Personal precautions

Use personal protective equipment. Avoid dust formation. Avoid breathing vapours, mist or gas. Ensure adequate ventilation. Evacuate personnel to safe areas. Avoid breathing dust. For personal protection see section 8.

#### 6.1.2 For emergency responders

No additional information available.

#### 6.2 Environmental precautions

Do not empty into drains or water bodies.

### 6.3 Methods and material for containment and cleaning up

Pick up and arrange disposal without creating dust. Sweep up and shovel. Keep in suitable, closed containers for disposal.

#### 6.4 Reference to other sections

For disposal see section 13.

### **SECTION 7. Handling and Storage**

### 7.1 Precautions for safe handling

Keep containers securely sealed when not in use. Avoid physical damage to containers. Use good occupational work practice. Observe manufacturer's storage and handling recommendations. Keep dry. Store under cover. Protect containers against physical damage. For precautions see section 2.2.

Take off immediately all contaminated clothing and wash it before reuse. When handling, do not eat, drink or smoke. Always wash hands with soap and water after handling.

### 7.2. Conditions for safe storage, including any incompatibilities

Keep container tightly closed in a dry and well-ventilated place. Use packaging as recommended by manufacturer. Avoid reaction with oxidising agents.

### 7.3. Specific end use(s)

Apart from the uses mentioned in section 1.2 no other specific uses are stipulated

### SECTION 15. Regulatory Information

### United States:

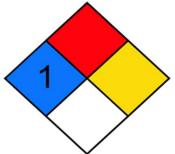

All chemical substances in this product are listed in the EPA (Environmental Protection Agency) and the

TSCA (Toxic Substances Control Act) Inventory).

### HMIS® Rating (0-4)

NFPA® Rating (0-4)

## California Proposition 65

This product does not contain any substances known to be listed in CA Prop 65.

## EPCRA (Emergency Planning and Right to Know Act)

This product does not contain ingredients that subject to the reporting requirements of section 313 Title III of the SARA of 1986 and 40 CFR part 372.

### **TOXIC Substance Control Act (TSCA):**

All ingredients are on the TSCA inventory or are not required to be listed on the TSCA inventory.

## CANADA:

## WHMIS REGULATIONS

The Canadian workplace hazardous materials information system classification for this product is, "This product has been classified in accordance with the hazard criteria of the Canadian Controlled Product Regulations (CPR) and the SDS contains all the information required by the CPR.

## **EUROPEAN UNION:**

### **RoHS (Restriction of Hazardous Substances Directive)**

This product does not contain any lead, cadmium, mercury, hexavalent chromium, PBB's, PBDE's, DEHP, BBP, DBP, or DIBP and complies with European RoHS regulations.

## WEEE (Waste Electrical and Electronic Equipment Directive)

This product is not a piece of electrical or electronic equipment, and it is therefore not governed by this regulation.

## REACH SVHC (Substances of Very High Concern):

This product does not contain any substances on the SVHC List or Authorization List.

	SECTION 16. Other Information			
Preparation Information:	Created September 1st, 2012. Updated August 31st, 2020.			
Revision Summary:	This SDS replaces August 1st, 2020.			
Abbreviations and acronyms				
IATA-DGR: Dangerous Goods Regulations by	the "International Air Transport Association" (IATA)
